ALL INDIA COUNCIL FOR TECHNICAL EDUCATION

ANNUAL REPORT & AUDITED ACCOUNTS

2007-2008

PREFACE

The All India Council for Technical Education is pleased to present its major activities and accounts for the year 2007-2008 through its Annual Report.

During the year under report the Executive Committee held two meetings, the All India Boards of Studies held fifteen meetings and the Regional Committees held three meetings.

Towards improving quality and standards of Technical Education, the Council geared up its faculty developing programmes through various schemes such as Quality Improvement Programme, Career Award for Young Teachers, Emeritus Fellowship, Seminar Grant, Travel Grant, Staff Development Programme, National Doctoral Fellowship, AICTE-INAE Distinguished Visiting Professorship etc. The Council implemented Research and Institutional Development schemes such as MODROBS, Research Promotion Scheme etc.

The Council announced an open ended approval process, thereby, allowing the applicants to submit applications for establishing new institutions and for increase in intake and additional courses, throughout the year. The Council approved a number of programmes at the Diploma, Under-Graduate and Post-Graduate levels in the various fields viz. Engineering & Technology, Architecture, Pharmacy, Hotel Management & Catering Technology, Management, Computer Applications and Applied Arts & Crafts. As in the last year, a system of Appeal was put in place to consider representatives of applicants to make the system transparent.

The National Board of Accreditation (NBA) desires to be a signatory to the Accord for ensuring cross border mobility of our Engineering Graduates. The membership of the NBA in Washington accord would facilitate easy exchange of ideas, mobility of engineering students and professionals at international levels.

As a part of membership procedure for Washington Accord, NBA had submitted its application with letter of support from three signatories. On the invitation of Washington Accord Secretariat, Prof. Damodar Acharya, Chairman, AICTE, Shri Ravi Mathur, Joint Secretary (T), MHRD, Govt. of India and Prof. Prasad Krishna, Member Secretary, National Board of Accreditation (NBA) attended the 8th Biennial Meeting of the International Engineering Meetings conducted at Washington DC during 17-22 June, 2007. India was invited to give a presentation on the standards, criteria, policies and procedures of the National Board of Accreditation. Finally, NBA of AICTE was accorded provisional membership of the Washington Accord in the Meeting. The signatories to the Washington Accord look forward to working with NBA-AICTE over the next few years, benchmarking best practices, collaborating in accreditation process development, and in establishing the experience required for full membership.

ANNUAL REPORT

2007-2008

CHAPTER 1

INTRODUCTION

1.1 PREAMBLE

All India Council for Technical Education (AICTE) was set-up in November 1945 as a national level Apex Advisory Body to conduct survey on the facilities on technical education and to promote development in the country in a coordinated and integrated manner. And to ensure the same, as stipulated in, the National Policy of Education (1986), AICTE be vested with statutory authority for planning, formulation and maintenance of norms and standards, quality assurance through accreditation, funding in priority areas, monitoring and evaluation, maintaining parity of certification and awards and ensuring coordinated and integrated development and management of technical education in the country.

The Government of India (Ministry of Human Resource Development) also constituted a National Working Group to look into the role of AICTE in the context of proliferation of technical institutions, maintenance of standards and other related matters. The Working Group recommended that AICTE be vested with the necessary statutory authority for making it more effective, which would consequently require restructuring and strengthening with necessary infrastructure and operating mechanisms.

Pursuant to the above recommendations of the National Working Group, the AICTE Bill was introduced in both the Houses of Parliament and passed as the AICTE Act No. 52 of 1987. The Act came into force w.e.f. March 28, 1988. The statutory All India Council for Technical Education was established on May 12, 1988 with a view for proper planning and coordinated development of technical education system throughout the country, the promotion of qualitative improvement of such education in relation to planned quantitative growth and the regulation and proper maintenance of norms and standards in the technical education system and for matters connected therewith.

The purview of AICTE (the Council) covers programmes of technical education including training and research in Engineering & Technology, Architecture & Town

Planning, Management, Pharmacy, Applied Arts and Crafts, Hotel Management and Catering Technology etc. at different levels.

1.2 THE ORGANISATION

In accordance with the provisions of the AICTE Act (1987), for the first five years after its inception in 1988, the Minister for Human Resource Development, Government of India was the Chairman of the Council. The first full time Chairman was appointed on July 2, 1993 and the Council was re-constituted in March 1994 with a term of three years. The Executive Committee was re-constituted on July 7, 1994 and All India Boards of Studies and Advisory Boards were constituted in 1994-95. Regional Offices of the Ministry of Human Resource Development, Government of India, located at Kolkata, Chennai, Kanpur and Mumbai were transferred to AICTE and the staff working at these offices were also deputed to the Council on foreign service terms w.e.f. October 1, 1995. These offices functioned as secretariats of Regional Committees in the four regions (East, South, North and West). Three new Regional Committees in southwest, central and northwest regions with their secretariats located at Bangalore, Bhopal and Chandigarh respectively were also established on July 27, 1994. One more Regional Committee in South-Central region with its Secretariat at Hyderabad was notified on March 8, 2007. The names of the States/UTs falling under the jurisdiction of these eight Regional Committees are given in **APPENDIX-1.1**.

The AICTE has its Headquarters in New Delhi and is presently housed in a building having a covered area of 12187 sq. ft. located in 7th Floor, Chanderlok Building, Janpath, New Delhi. This building is taken on lease from the NDMC. Three bureaus of the Council are housed in its own building having a covered area of 10630 sq. ft. at IV floor, East Tower, NBCC Place, Pragati Vihar, New Delhi. The Government of India has allocated 5 acres land in the campus of Jawaharlal Nehru University, New Delhi, for constructing the administrative and other buildings of the Council.

The AICTE comprises of eight Bureaus, namely, Engineering & Technology (E&T) Bureau, Management & Technology (M&T) Bureau, Quality Assurance (QA) Bureau, Planning and Co-ordination (PC) Bureau, Research and Institutional Development (RID)

Bureau, Academic (Acad.) Bureau, Administration (Admin) Bureau and Finance (Fin) Bureau. Each Bureau is headed by an Adviser who is assisted by technical and other staff. The multidiscipline technical staff is taken either on deputation or on contract from various Government Departments, University Grants Commission, academic institutions etc. Computers are appropriately provided to each bureau for work. These computers are networked through LAN for retrieval and exchange of information. Cleaning and maintenance, security, transport, hospitality and canteen services are provided by external agencies.

1.3 STATUTORY BODIES

Boards and Committees of the AICTE, the Executive Committee, ten All India Boards of Studies, eight Regional Committees are all of statutory nature.

The Council is a 51-member body and has a Chairman, a Vice-Chairman and a Member Secretary with tenure appointments. The Council includes amongst others, representatives of various Departments of the Government of India, the Lok Sabha and the Rajya Sabha, Govt. of States and Union Territories, representatives from the Statutory Boards and Committees of the Council, Professional Bodies and organisations in the fields of concerned areas of technical education and research and also organizations in the field of industry and commerce, etc. The AICTE Act empowers the Council to take all such steps as it may think fit for ensuring coordinated and integrated development of technical education. The powers and functions assigned to the Council are given in **APPENDIX 1.2**. The Council performs its functions in consultation with State Governments, Universities, State Boards of Technical Education, Professional Bodies and experts etc.

The Executive Committee is a 21-member body constituted by the Council and discharges such functions as may be assigned to it by the Council. The Executive Committee is chaired by the Chairman of the Council and includes Vice-Chairman of the Council; Secretary to the Government of India; two Chairmen of the Regional Committees of the Council; three Chairmen of the All India Boards of Studies of the

Council; one member of the Council representing the Ministry of Finance, Govt. of India; four members of the Council representing States/UTs; four members with expertise and distinction in areas relevant to technical education; Chairman of the University Grants Commission; Director of the Institute of Applied Manpower Research; and Director General of the Indian Council of Agricultural Research. The Member-Secretary of AICTE is also the Member-Secretary of the Executive Committee.

The All India Boards of Studies advise the Executive Committee on academic matters falling in their areas of concern including norms & standards, model curricula, model facilities and structure of courses etc. The areas of concern, constitution, functions and powers of the Boards of Studies are such as may be provided by the Council through appropriate Regulations. Initially, the AICTE Act provided for the establishment of five Boards of Studies. Later, four more Boards of Studies were added by the Council and subsequently one more Board has been added. Boards of Studies have 10-15 members each and are headed by subject experts of eminence. The Council is assisted by eight statutory Regional Committees covering different geographical regions. These Committees advise and assist the Council in all aspects of planning, promoting and regulating technical education within their respective regions. Each Regional Committee has 15-20 members, headed by an engineer/technologist of eminence.

The Council has set up a National Board of Accreditation under Clause 10(u) of the AICTE Act to periodically conduct evaluation of technical institutions or programmes on the basis of guidelines and norms and standards specified by it for quality assessment.

CHAPTER 2

HIGHLIGHTS OF THE YEAR

2.1 STATUTORY BODIES

During the year under report, statutory bodies of the Council met several times to deliberate issues of importance in technical education, made recommendations and accorded relevant approvals:

STATUTORY BODY	NO. OF MEETINGS
Council	1
Executive Committee	2
All India Boards of Studies	15
Regional Committees	3
For further details see Chapter 3	

2.2 GROWTH OF TECHNICAL EDUCATION: NEW APPROVALS ACCORDED

In accordance with the functions assigned to it under Clause 10(k) of the AICTE Act, the Council grants approvals for starting new technical institutions and for introducing new courses or programmes in already approved institutions. Approvals are accorded in consultation with respective State Governments and affiliating Universities. The data on the number of institutions to which new approvals were given to run technical programmes during 2007-2008 is summarized below:

SI	Programme	Postgraduate Level	Undergraduate Level	Diploma Level
1.	Engineering & Technology	159	232	126
2.	Management	153	-	-
3.	Master in Computer Applications	55	-	-
4.	Pharmacy	25	224	30
5.	HMCT	-	13	4
6.	Architecture & Town Planning	-	-	-
7.	Applied Arts & Crafts	-	-	-
	Total	392	469	160

2.3 RESEARCH AND DEVELOPMENT

Through Clauses 10 (c) and 10(d) of the AICTE Act, the Council promotes innovations and research and development in established and new technologies; generation, adoption and adaptation of new technologies to meet developmental requirements of the country and for the overall improvement of educational process. Towards these ends, the Council operates three schemes, namely, Modernization and Removal of Obsolescence (MODROBS), Research Promotion Scheme (RPS) and Nationally Coordinated Projects (NCP). A total of 690 Projects were approved for financial support under MODROBS and RPS schemes during the year 2007-2008 and the Council released a total amount of Rs.4882.42 lakhs.

The projects thus sanctioned under the above research schemes are reviewed each year in monitoring meetings to ensure effective implementation of projects and proper utilization of grants.

2.4 INDUSTRY INSTITUTE INTERACTION

Under clauses 10 (c) and 10 (f) of the AICTE Act, the Council promotes effective link between technical education system and other relevant systems, including industry and research community. For the purpose, the Council operates various schemes, viz, Industry Institute Partnership Cell (IIPC), Entrepreneurship Development Cell (EDC), and National Facilities in Engineering and Technology with Industrial Collaboration (NAFETIC).

2.5 FACULTY DEVELOPMENT PROGRAMMES

There are several schemes for faculty development, namely, Quality Improvement Programme (QIP), Career Award for Young Teachers (CAYT), Emeritus Fellowship, Visiting Professorship, Seminar Grant, Travel Grant, Staff Development Programme, National Doctoral Fellowship, AICTE-INAE Distinguished Visiting Professorship and Financial Assistance to Professional Societies/ Bodies. Under the Quality

Improvement Programme (QIP), faculty members of degree level institutions are given opportunity to upgrade their qualifications to Master's and Ph.D. levels. Under the Scheme QIP (poly), polytechnic teachers can pursue Master's degree programmes. Courseware Development and other short term training programmes are also conducted under the QIP Scheme. In the Emeritus Fellowship scheme, superannuated faculty members are supported for two years to continue research through grant of fellowships and contingency grants. Under the scheme of Visiting Professorship, reputed academicians and technologists provide required expertise to their host institutions. Financial assistance is provided to regular faculty through schemes of Career Award for Young Teachers, Travel Grant and Seminar Grant. The Staff Development Programmes help new teachers to further enhance teaching skills. Professional Societies/Bodies are also provided non-recurring grants for various purposes. The scheme of AICTE-INAE Distinguished Visiting Professorship jointly initiated by the AICTE and the Indian National Academy of Engineering (INAE), helps institutions avail expertise from experienced professionals from industry. The number of programmes / activities supported as well as fellowships awarded under various schemes of Faculty Development during the year 2007-2008 is given in the table below:-

Schemes		Numbers
a.	Quality Improvement Programme (QIP)	
i)	Selected in Ph.D	180
ii)	Selected in M.E./M.Tech.	130
b.	Faculty enrolled under QIP Polytechnic	
i)	Selected in Ph.D.	63
c.	Career Award for Young Teachers	26
d.	Emeritus Fellowship	14
e.	AICTE-INAE	15
f.	Seminar Grant	323
g.	Travel Grant	228
h.	Staff Development Programme	157
i.	National Doctoral Fellowship	50
j.	Financial Assistance to Professional Societies / Bodies	16

2.6 SCHEME OF NATIONAL TECHNICAL MANPOWER INFORMATION SYSTEM (NTMIS)

National Technical Manpower Information System (NTMIS) operates with a view to generate and maintain reliable data and information needed for prospective planning of technical education on the basis of demand and supply positions. The objectives assigned to NTMIS include estimation of short-term and long-term demands of various categories of engineering and technical manpower, their supply, identification of anticipated gaps in demand and supply, and assessment of the adequacy of the current enrolment rate in respect of each of the engineering and technical manpower categories.

The scheme operates through a Lead Centre at the Institute of Applied Manpower Research (IAMR), New Delhi and 20 Nodal Centers setup in various technical institutions, universities and other departments all over the country. The operation of this on-going scheme was continued during the year 2007-2008 and grants amounting to Rs.240.07 Lakh were released.

2.7 CO-OPERATION WITH INTERNATIONAL AGENCIES

2.7.1 WASHINGTON ACCORD MEMBERSHIP

The Washington Accord, signed in 1989, is an international agreement among bodies responsible for accrediting engineering degree programs. It recognizes the substantial equivalency of programs accredited by those bodies and recommends that graduates of programs accredited by any of the signatory bodies be recognized by the other bodies as having met the academic requirements for entry to the practice of engineering. The signatories as of 2007 are Australia, Canada, Hong Kong, Japan, Ireland, New Zealand, UK, USA, Singapore, South Africa, Taiwan and South Korea.

National Board of Accreditation (NBA) is an autonomous body established by the All India Council for Technical Education (AICTE), a statutory body for regulation of technical education in India. The AICTE Act, 1987 was passed by the Parliament, to provide for the establishment of the All India Council for Technical Education (AICTE) with a view to ensure proper planning and coordinated development of the Technical Education System throughout the Country, qualitative improvement of such education in relation to planned quantitative growth and the regulation and proper maintenance of norms and standards in the Technical Education System. At this time, NBA is the only authorized body in the Country entrusted with the task of undertaking accreditation of technical education programmes. All programmes on technical education including those offered by University Departments are accredited by NBA. The National Board of Accreditation (NBA) evaluates the quality of programmes offered by educational institutions from Diploma to the Postgraduate levels of education. Therefore, the National Board of Accreditation (NBA) desires to be a signatory to the Accord for ensuring cross border mobility of our Engineering Graduates. The membership of the NBA in Washington accord would facilitate easy exchange of ideas, mobility of engineering students and professionals at international levels.

As a part of membership procedure for Washington Accord, NBA had submitted its application with letter of support from three signatories. On the invitation of Washington Accord Secretariat, Prof. Damodar Acharya, Chairman, AICTE, Shri Ravi Mathur, Joint Secretary (T), MHRD, Govt. of India and Prof. Prasad Krishna, Member Secretary, National Board of Accreditation (NBA) attended the 8th Biennial Meeting of the International Engineering Meetings conducted at Washington DC during 17-22 June, 2007. India was invited to give a presentation on the standards, criteria, policies and procedures of the National Board of Accreditation. Finally, NBA of AICTE was accorded provisional membership of the Washington Accord in the Meeting. The signatories to the Washington Accord look forward to working with NBA-AICTE over the next few years, benchmarking best practices, collaborating in accreditation process development, and in establishing the

experience required for full membership. By conferring provisional status, the signatories have indicated their confidence that NBA-AICTE has the potential capability to reach full signatory status.

With this membership, NBA's accreditation system gets international recognition. The country is given two years of time to bring its Academic Programmes, curriculum and syllabus, examination and evaluation system to the International level and revise its accreditation system to make it fully outcome based. The deadline for considering NBA's application for full membership in the 9th Biennial Meeting would be June 2009.

2.7.2 FOREIGN UNIVERSITY REGISTRATION

In supercession of the Regulations Notified by the Council vide Notification No. F. 37-3/ Legal (vi) 2003, dated 03rd April 2003 and in exercise of the powers conferred under Section 23 read with Clause (b), Clause (f), Clause (g) and Clause (n), (o), (p) of Section 10 of the AICTE Act, 1987, the Council made regulations for regulating entry and operation of Foreign Universities/ Institutions imparting technical education in India. This Regulation known as 'AICTE Regulations for Entry and Operation of Foreign Universities in India imparting technical education, 2005' were formulated primarily to check and avoid illegal entry of unscrupulous persons using/misusing the name of Foreign University/ Institution for unlawful gains. To safeguard the interest of all stakeholders, a public notice was issued in all leading newspapers on 5th May, 2005 directing the foreign universities operating in India to comply with the above regulations. Communications were sent to all India institutions collaborating with foreign universities/ institutions based on media advertisement, directing them to comply with regulations 2005. These regulations were notified in the extraordinary gazette of India on the 25th May, 2005. As on 31.03.2008, 50 proposals received for registration under the Regulations 2005, are under various stages of processing with the Council. Six new proposals were received during the year 2007-08.

During the period under report, the following new institution has been accorded registration by AICTE for conducting programmes in collaboration with foreign university/ institution:

Sl	Name and Address of the Indian Institution	Name of Foreign University	Programme(s) Approved
1.	IIMT Hotel Management College, O-Pocket, Ganga Nagar, Meerut	TAFE South Australia	Advanced Diploma in Hospitality Management Programme with an intake of 50
2.	Sreenidhi Institute of Science & Technology, Vill.-Yamanmpet, Taluk-Ghatkesar, Hyderabad-501 301, Andhra Pradesh	Vaughan College of Aeronautics & Technology, USA	1. BS Airlines Management (60) 2. BS Airport Management (60) 3. BS Electronics Engg. [Avonics option] (60)

2.8 FINANCE

The All India Council for Technical Education (AICTE) receives Grants-in-Aid from Ministry of Human Resource Development, Government of India towards implementation of its programmes and activities. During the Financial Year 2007-2008, AICTE received Grants to the tune of Rs. 9941.14 lakhs and Rs. Nil under Plan and Non-Plan Heads respectively for AICTE Schemes from the Ministry of Human Resources Development, Government of India. The AICTE also received grants to the tune of Rs. 22800.00 lakhs and Rs. 26300.00 lakhs under Plan and Non-Plan Heads respectively from the Ministry of Human Resources Development, Government of India for NITs. The unspent balance of the previous year, i.e., 2006-2007 was Rs. 1045.64 lakhs and Rs. 3098.83 lakhs for Plan and Non-Plan respectively. The total expenditure including NITs incurred by the Council under Plan and Non-Plan heads was Rs. 33994.45 lakhs and Rs. 30714.9 lakhs respectively. The scheme/head wise details of expenditure for Financial Year 2007-2008 are given in Chapter 10 of the Annual Report.

CHAPTER 3 STATUTORY BODIES

3.1 THE COUNCIL

Under the provision of Clause 3(4) of the AICTE Act (52 of 1987), the Council was reconstituted on March 28, 2005. The composition of the Council is given in **Appendix 3.1**.

3.2 THE EXECUTIVE COMMITTEE

In exercise of the powers conferred by Clause 12(1) of the AICTE Act, 1987, the AICTE had reconstituted the Executive Committee on April 5, 2005. The composition of the Executive Committee is given in **Appendix 3.2**.

3.3 ALL INDIA BOARDS OF STUDIES

The All India Board of Studies advise the Executive Committee on academic matters falling in their respective areas of concern including norms and standards, model curricula, model facilities and structure of courses, academic facilities and any other academic matter arising from time to time.

In pursuance of the powers conferred under Clauses 13(1) and 13(2) of the AICTE Act, the All India Boards of Studies were re-constituted by the Council in September 2006. Nominations of the Chairman and the Members of the Boards are made for a term of three years. During the period under report, the Council had ten statutory All India Boards advising the Council in their areas of specialization. The names of the Chairmen of the various Boards are listed below:

Sl	All India Boards of Studies	Chairman
1	Hotel Management and Catering Technology	Shri Rajiv Gujral
2	Information Technology Education	Dr. M.N. Faruqui
3	Management Studies	Prof. T.N. Kapoor
4	Pharmaceutical Education	Prof. (Dr.) C.K. Kokate
5	Post Graduate Education and Research in Engineering & Technology	Prof. M.S. Palanichamy
6	Undergraduate Studies in Engineering and Technology	Prof. P. Dayaratnam
7	Technician Education	Prof. P.B. Sharma
8	Vocational Education,	Prof. Ranjit Singh
9	Town and Country Planning	Shri D.S. Meshram
10	Architecture	Prof. J.R. Bhalla

In addition, there is an Advisory Board on Bio-technology Education. The composition of various All India Boards of Studies is given in **Appendix 3.3**.

3.4 REGIONAL COMMITTEES

According to Clause 14(3) of the AICTE Act, each Regional Committee advises and assists the Council on all aspects of planning, promoting and regulating technical education within their regions.

In pursuance of Clauses 14(1) and 14(2) of the AICTE Act, Regional Committees were constituted by the Council at Kolkata, Chennai, Kanpur and Mumbai on April 18, 1990 and subsequently three more Regional Committees were set up at Bangalore, Bhopal and Chandigarh in the year 1994. One Regional committee was also set up at Hyderabad on March 8, 2007. Each Regional Committee has 15 to 20 members from industry, technical institutions, universities, State/ Central government organizations and professional bodies/ societies working in the area of technical education.

The composition of the Regional Committees are given in **Appendix 3.4**.

The Chairmen of these Regional Committees are listed below:

Sl	Regional Committees	Chairman
a.	Central Regional Committee	Prof. Bakul H. Dholakia
b.	Western Regional Committee	Prof. A.A. Ghatol
c.	South Western Regional Committee	Prof. Prakash G. Apte
d.	Eastern Regional Committee	Prof. N.R. Banerjea
e.	North Western Regional Committee	Dr. Anil Wilson
f.	Northern Regional Committee	Prof. S.S. Katiyar
g.	Southern Regional Committee	Prof. D. Viswanathan
h.	South Central Regional Committee	Prof. Y.V. Rao

3.5 NATIONAL BOARD OF ACCREDITATION

The Clause 10(u) of the AICTE Act specifies the following as one of the functions of the All India Council for Technical Education (AICTE):

“Set up a National Board of Accreditation to periodically conduct evaluation of technical institutions or programmes on the basis of guidelines, norms and standards specified by it and to make recommendation to it, or to the Council, or to the Commission or to other bodies, regarding recognition or de-recognition of the institution or the programme.”

In pursuance of this function, the All India Council for Technical Education (referred in this report as ‘Council’) has constituted the National Board of Accreditation (referred as ‘NBA’) in the year 1994. The functions of the National Board of Accreditation are:

- I. To make recommendations with regard to issues of quality assurance and quality management in technical education in India.
- II. To prescribe guidelines, norms and standards for the purpose of accreditation of technical education programmes / institutions.
- III. To advise the Executive Committee/Council regarding de-recognition of an institution or a programme based on the evaluation conducted as per the prescribed procedure for the purpose.

- IV. To advise and assist the Executive Committee/Council on policies and parameters pertaining to the accreditation process.
- V. To advise the Executive Committee/Council on formulation of schemes for Promotion of Qualitative Improvements in Technical Education.
- VI. To carry out any other function assigned by the Executive Committee/Council.

The National Board of Accreditation shall make suitable recommendations in the discharge of the above functions to the Executive committee / Council in accordance with the procedure prescribed from time to time.

Current composition of the National Board of Accreditation (NBA) is given in **APPENDIX-3.5.**

3.6 MEETINGS OF STATUTORY BODIES OF AICTE

3.6.1 EXECUTIVE COMMITTEE

The Executive Committee of AICTE held two meetings during the year 2007-2008, on the following dates:

56 th Executive Committee Meeting	:	August 16, 2007
57 th Executive Committee Meeting	:	March 24, 2008

Some of the important decisions taken by Executive Committee in these meetings are as under:

Meeting	Agenda Item	Decision
56 th August 16, 2007	1. Submission of Application Form for obtaining the approval of AICTE for Degree Level Programmes / Institutions	<p>The Executive Committee, after detailed deliberations, decided that the applicant shall send their application directly to the affiliating University and the State Government either in person or through Speed / Registered Post. Two copies of the application shall be submitted to the Regional Office along with a proof of having submitted a copy of the application, each to the affiliating University and State Government.</p> <p>Letter of Approval (LOA) issued in respect of completed applications received up to December 31, which have fulfilled all norms and standards of the Council for establishment of a new institution shall be valid for two academic years including the following academic year for obtaining affiliation with the concerned University & fulfilling concerned State Government requirements for admission.</p> <p>The Letter of Approval issued for the applications received after December 31 shall not be valid for the following academic year but valid only for next Two Academic years.</p>
57 th March 24, 2008	To consider the minimum qualification for admission to the 4 year Engineering course in Biotechnology	<p>The Executive Committee approved the proposal as follows:</p> <p>Qualification for admission in Degree Engineering course in Bio-Technology:</p> <p>Should be a pass in 10+2 examination with Physics and Mathematics or Biology as compulsory subjects along with any one of the following subjects:</p> <ol style="list-style-type: none"> a. Chemistry b. Bio-Technology c. Computer Science

3.6.2 REGIONAL COMMITTEES

As per the provisions of the AICTE Act, the Regional Committees advise and assist the Council in all aspects of planning, promoting and regulating technical education within their respective regions. These Committees are mainly helpful in implementation of Clause 10 (k) of the Act i.e. grant of approvals for new technical institutions and for the introduction of new courses or programmes. During the year 2007-2008, the Council received a large number of proposals for the establishment of new technical institutions

for the postgraduate and undergraduate programmes. These proposals were processed in accordance with the prescribed Regulations, Guidelines and Procedures as per the National Calendar announced by the Council.

During the year 2007-2008 meetings of the Regional Committees were held on the following dates:

Regional Committees		Date of Meeting
a.	Central Regional Committee	-
b.	Western Regional Committee	-
c.	South-Western Regional Committee	-
d.	North-Western Regional Committee	-
e.	Northern Regional Committee	-

3.6.3 ALL INDIA BOARDS OF STUDIES

During the year, meetings of the All India Boards of Studies held and major issues considered are as detailed below:

Sl.	All India Board of	Date	Major issues considered
1.	Town & Country Planning	18.03.2008	The Task Force constituted to review and make model curriculum for B. Planning course submitted it's report.
2.	Vocational Education	21.06.2007	A Task Force was constituted to critically examine the role of AICTE in the field of Vocational Education and device a scheme for the vertical mobility of ITI students. A sub-committee was constituted to device and promote schemes for special vocational education courses for North Eastern States.
		20.12.2007	A Task Force was constituted for : i. Accreditation of vocational training providing agency. ii. Identification of vocations. iii. Development of competency based curriculum and skill standardization. iv. Guidelines for assessment. v. Mechanism for vertical mobility. vi. Joint certification mechanism with industry and user groups.
3.	Pharmaceutical Education	20.06.2007	The following PG Diploma Programmes were recommended and it was suggested that Universities and Accredited Institutes may offer these Programmes.

7.	Technician Education	08.02.2008	A sub-committee was constituted to prepare a concept paper on the growth of technical education at polytechnic and ITI level and for curriculum innovation in polytechnics.
8.	Undergraduate Studies	09.05.2007 22.08.2007 03.10.2007	<p>The Board accepted the Model Framework for UG curriculum in Engineering & Technology giving details of credits and their distribution into semesters and subject areas.</p> <p>The following minimum qualification for admission to the 4-year Biotechnology was recommended by the Board.</p> <p>“should be a pass in 10+2 examination with Physics and Mathematics or Biology as a compulsory subject along with one of the following subjects : “Chemistry / Biotechnology / Biology / Computer Science / Mathematics”</p> <p>It was also suggested that the Universities should consider introducing suitable courses that supplement either Mathematics or Biology for students in Biotechnology based on the over all syllabus of the University</p>

CHAPTER 4

GROWTH OF TECHNICAL EDUCATION

4.1 POSTGRADUATE PROGRAMME

During the year under report, the Council received a large number of proposals for starting new PG programmes in various fields of technical education and for increase of sanctioned intake capacity of approved programmes. The proposals were processed in accordance with the prescribed guidelines and procedure.

The number of new approvals accorded for various postgraduate programmes is as given below:

Discipline	Number of approvals accorded	
	Number of Institutions	Numbers of Courses
Pharmacy (M.Pharm)	25	72
Engg. & Tech. (ME/M.Tech)	159	227
Architecture (M.Arch.)	-	-
Total	184	299

Number of institutions/programmes and approved intake capacity at post-graduate level in various technical education disciplines as on March 31, 2008 is as under:

Discipline	Number of Institutions/Prog.	Intake Capacity
Applied Arts & Crafts	7	70
Architecture	14	117
Town Planning & Urban Design	10	163
Computer Applications (MCA)	1026	67966
Engineering/Technology	1983	36052
Management	1194	121919
Pharmacy	433	4105
Total	4667	230392

State-wise distribution of approved programmes in the disciplines of management and computer application as on March 31, 2008 is given in **Appendices 4.1 and 4.2** respectively.

4.2 UNDERGRADUATE DEGREE PROGRAMMES

During the year, the Council received a number of proposals for starting new institutions at undergraduate level, for introduction of new Bachelor's degree programmes in existing institutions, for increase in intake of already running programmes, or for re-distribution of intake in existing courses.

The number of approvals accorded during the year for establishing new institutions at under-graduate level in various disciplines is as given below:

Discipline	Approvals accorded
Engineering & Technology	232
Hotel Management and Catering Technology	13
Pharmacy	224
Applied Arts & Crafts	00
Total	469

Technical Educational Institutions approved during the year 2007-2008 is given in **Appendix 4.3**. Discipline-wise break-up of facilities of degree level technical education, as on March 31, 2008 is given in Table below:

Discipline	No. of Institutes	Intake
Engineering / Technology	1737	671316
Hotel Management & Catering Technology	77	5157
Pharmacy	880	53526
Architecture	116	4471
Applied Arts & Crafts	12	775
Total	2822	735245

State-wise break-up of degree level Institutions in technical education as on March 31, 2008 is given in **Appendix 4.4**.

4.3 DIPLOMA PROGRAMMES

During the year, under report, the Council received proposals for approval of diploma level programmes in various disciplines. After scrutiny and due processing, the Council accorded approvals as given below:

Discipline	Approval Accorded
Engineering & Technology	126
Hotel Management & Catering Technology	04
Pharmacy	30
Applied Arts & Crafts	00
Total	160

With these approvals, the total number of diploma level institutions and their intake capacity in various disciplines as on March 31, 2008 is as given below:

Discipline	No. of Institutes	Intake Capacity
Engineering/Technology	1414	359030
Hotel Management & Catering Technology	68	4400
Pharmacy	568	33871
Architecture	5	140
Applied Arts & Crafts	3	420
Total	2058	397861

Details about region-wise, state-wise distribution of diploma level institutions as well as the sanctioned intake in these institutes as on March 31, 2008 are given in **APPENDIX 4.5**.

4.4 NATIONAL TECHNICAL MANPOWER INFORMATION SYSTEM (NTMIS)

As envisaged in the AICTE Act and in order to ensure planned growth of technical education, the Council operates a scheme of National Technical Manpower Information System (NTMIS) with Institute of Applied Manpower Research (IAMR), New Delhi as the Lead Center and 20 Nodal Centers setup in various Technical Institutions and other Departments all over the country. The objective of the Scheme is to generate a database and monitor supply and demand of engineering and technical education manpower to ensure planned development of technical

education in the country. The operation of the on-going scheme was continued during the year 2007-2008 and grants of Rs.240.07 Lakh were released during the year 2007-2008.

NTMIS scheme is being reviewed for easy retrieval of information and effective use of the data collected for planning of technical education in the country. A committee appointed by the Chairman, AICTE is looking into the scheme and other models of Educational Management Information System (EMIS) to decide upon the future scope of the scheme. The Committee is also looking into the utility of the manpower profile being projected by NTMIS scheme and methods for the effective utilization of NTMIS in the process of prospective planning of technical education in the country vis-à-vis the demand and supply of technically trained professionals in different streams of technical education.

4.5 DEEMED-TO-BE UNIVERSITY/DENOVO DEEMED-TO-BE-UNIVERSITY

The University Grants Commission referred the following cases to the Council during the period, for advise on conferment of Deemed-to-be-University status:

Sl	Name of the Institute	Category
1.	Maharishi Markendeshwar Education Trust, Mullana, Haryana	Deemed University
2.	Gandhi Institute of Technology and Management, (GITAM), Vishakhapatnam, Andhra Pradesh	Deemed University
3.	Shikha 'O' Anusandhan, Khandagiri, Bhubneshwar, Orissa	Deemed University
4.	Babu Banarsi Das Northern India Institute of Technology, Lucknow, Uttar Pradesh	Deemed University (De-novo)
5.	Institute of Chemical Technology, Matunga, Mumbai	Deemed University
6.	Indian Institute of Space Sc. & Tech., Thiruvananthapuram, Kerela	Deemed University (De-novo)
7.	Manav Rachna International University, Faridabad, Haryana	Deemed University (De-novo)

10.	Sri Siddhartha Academy of Higher Education, Tumkur, Karnataka,	Deemed University
11.	Christ College, Bangalore, Karnataka,	Deemed University
12.	Noorul Islam College of Engg. Kanyakumari, Tamil Nadu	Deemed University
13.	Akruti Citygold Institute, Mumbai	Deemed University (De-novo)
14.	Adesh Foundation, Muktsar, Punjab	Deemed University (De-novo)

15	International Institute for Information Technology, Pune, Maharashtra	Deemed University
16	Jaypee Institute of Information Technology, Noida	Review performance of Deemed University
17	Narsee Monjee Institute of Management Studies, Mumbai	Starting off campus Centre & ex-post facto approval of constituent units started at Mumbai campus
18	Graphic Era Educational Society, Dehradun	Deemed University
19	Chh. Shahu Institute of Business Education & Research, Kolhapur, Maharashtra	Deemed University
20	Karpagam Academy of Higher Education, Coimbatore, TN	Deemed University
21	Karunya Institute of Technology and Sciences, Coimbatore	Deemed University
22	Gandhi Institute of Technology and Management, Vishakhapatnam, AP	To cover institutions under the ambit of already Deemed University
23	Symbiosis Institute, Pune	Covering of an off campus center under the ambit of Deemed University

The joint inspection of these institutions has been carried out along with UGC team as per the directions contained in the letter No. F.1-31/2006/TS-II dated 7th March 2007 of Ministry of Human Resources Development, as per provision contained in Section 20(1) of the AICTE Act.

CHAPTER 5

RESEARCH AND INSTITUTIONAL DEVELOPMENT

5.1 SCHEMES TO SUPPORT RESEARCH AND DEVELOPMENT

The Council operates the following Schemes for supporting Research and Institutional Development:

- i) Modernization and Removal of Obsolescence (MODROBS)
- ii) Research Promotion Scheme (RPS)

5.1.1 Modernization and Removal of Obsolescence (MODROBS)

The main objective of the Scheme of Modernization and Removal of Obsolescence is to provide financial support to institutions to equip their laboratories with modern equipment/infrastructure facilities, keeping in view rapid advancements in technology. Some of the institutions were also provided funds for replacement of obsolete equipment with modern, state-of-the-art equipment to ensure quality of educational process.

5.1.2 Research Promotion Scheme (RPS)

RPS aims to create research ambience by promoting research in technical disciplines and innovations in established and emerging technologies; and to generate Masters and Doctoral degree candidates. The three research avenues within RPS are the following:

- (a) Proof of Concept work - Independent research activity that can lead to growth of knowledge/process in an area and grow into a major project. Funding for such projects would be limited to a one-time grant of Rs.5 - 10 lakhs.
- (b) Capacity Building for Research - Young faculty (30 years age limit) with grant of Rs.10 - 12 lakhs, is encouraged to carry out research at doctoral level in a

reputed institution. The funding can be used for both drawing of salary during leave without pay condition and towards purchase of equipment to carry out research in a novel area.

- (c) Patentable Technology Development by a group of faculty members, having proven track record, who aim at developing new research facilities, at the parent institution, being motivated mainly by high-end output such as patentable technologies. Funding to such projects would be limited to a one-time grant of Rs.20.00 lakhs.

5.1.3 Nationally Coordinated Project (NCP)

The Nationally Coordinated Project Scheme aims to plan, co-ordinate and execute integrated R&D programmes, involving collaboration between several institutions, industry and user organizations at national level for societal development programmes.

More specifically, the research ventures that may be considered within the Nationally Coordinated Project Scheme include the following:

1. The research should be carried out at a national level institution in coordination with participating institutions having proven track record and sufficient expertise in the proposed area.
2. The lead institution must choose a person of eminence having relevant knowledge and expertise in the proposed area of research as the chief coordinator of the project.
3. The project should have financial participation from the participating industry (if any) to the extent possible.

The All India Council for Technical Education supports two categories of Nationally Coordinated Projects for Technical Education.

- I catering to important issues of national importance
- II catering to technical education development.

The selected projects under NCP are considered in two phases. In the first phase, a one-time seed grant not exceeding Rs.50,000/- is sanctioned for preparation of Detailed Project Report (DPR) including interaction with the participating industry/industries, letters of intent/the MOU/protocol signed with them etc. The DPRs shall be reviewed by the duly constituted Subject Expert Committee for further release of grant.

AICTE provides funds up to Rs.30-40 lakhs for projects catering to issues of national importance and up to Rs.5-10 lakhs for projects catering to technical education development.

During the year, 2007-2008, the Council received 28 proposals under NCP. These proposals were evaluated as per the approved procedure by expert committee duly constituted by the Council. Based on the recommendations of the expert committee, following 22 proposals were sanctioned an one-time seed grant amounting to Rs. 50,000/- each for the preparation of detailed project report in the year 2007-08.

5.1.4 Implementation of MODROBS and RPS Schemes

With the view of ensuring effective implementation of these schemes, the Council has set up an Advisory Board, namely the Board of Research comprising eminent scientists, engineers, technologists, academicians and industrialists.

AICTE invites project proposals under the above schemes and provides information through an advertisement and through its official website.

MODROBS: After an initial scrutiny at the Bureau level, the proposals are evaluated by a duly constituted expert committee. Based on the recommendations of the expert committee, the Council approves grant-in-aid under the scheme.

During the period 2007-08, the Council received 1543 proposals under the Modernization and Removal of Obsolescence (MODROBS) scheme. These proposals were evaluated as per the approved procedure by expert committees duly constituted by the Council. Based on the recommendations of the expert committee, a total of 468 proposals were approved for financial assistance amounting to Rs.4233.39 Lakhs. During the financial year 2007-08, the Council has released Rs.2638.37 Lakhs under the MODROB scheme.

Research Promotion Scheme (RPS): After an initial scrutiny at the Bureau level, a preliminary evaluation of the proposals is made by expert committee and if recommended, the concerned Principal Investigator of the project is invited for presentation of the project proposal before an Expert Committee.

During the period 2007-08, the Council received 875 proposals under Research Promotion Scheme (RPS). These proposals were evaluated as per the approved procedure by the expert committee duly constituted by the Council. Based on the recommendations of the expert committee, a total of 222 proposals were approved for financial assistance amounting to Rs.1890.29 Lakhs and an amount of Rs.2244.05 lakhs was released.

The distribution of projects sanctioned during the year based on the subject area / discipline is shown in **Fig.5.5**. Region-wise distribution of projects sanctioned under the scheme of RPS during 2007-08 is given in **Fig.5.6** Institution-wise distribution of projects and state-wise distribution of projects sanctioned are given in **Fig.5.7** and **Fig.5.8** respectively.

5.2 INDIAN NATIONAL DIGITAL LIBRARY IN ENGINEERING, SCIENCE AND TECHNOLOGY (INDEST) SCHEME

On the recommendation that 'shared subscription' or 'consortia-based subscription', using electronic resources through consortia of library is a feasible strategy to increase the access of electronic resources, at a much lower cost, the Ministry of Human Resource Development (MHRD) has set up a 'consortia-based subscription to electronic resources for technical education system in India'. This is known as the Indian National Digital Library in Engineering, Science and Technology (INDEST) Consortium. Under the INDEST Consortium, MHRD releases funds required for subscription to electronic resources to centrally funded institutions, e.g., IISc, IITs, NITs etc., and the AICTE

supports the other Government/Government-aided Institutions and Technical Universities/University Departments having programmes in engineering and technology. Under the Chairmanship of Director IIT, Delhi the Headquarters of INDEST Consortium is located at the IIT Delhi. Chief Librarian, IIT, Delhi is the National Coordinator. In 2007-2008 AICTE has given a grant of Rs. 1.12 crores to IIT, Delhi for the membership of 60 government/government aided engineering institutions in the scheme. INDEST Consortium was renamed as INDEST-AICTE Consortium last year to enable AICTE approved engineering institutions to avail the facility of subscription to e-resources through INDEST-AICTE Consortium on self-financing basis at considerable lower rates. The Hon'ble Chairman, AICTE was appointed Co-Chairman of the Consortium. An amount of Rs. 227.34 lakhs was released to IIT Delhi to enable access to e-resources to AICTE approved institutions on self-financing basis.

CHAPTER 6

STAFF DEVELOPMENT PROGRAMME

6.1 AICTE- INAE (INDIAN NATIONAL ACADEMY OF ENGINEERING) DISTINGUISHED VISITING-PROFESSORSHIP SCHEME

AICTE- INAE Distinguished Visiting Professorship Scheme is jointly executed through AICTE-Indian National Academy Engineering (INAE). The scheme envisages promotion of Industry-Institute Interaction by facilitating the dissemination of knowledge through the expertise of experienced and knowledgeable person from industry to integrate rich industrial experience with technical education. The scheme has received very enthusiastic response from industry and engineering institutions over the years.

The AICTE-INAE Distinguished Visiting Professorship Scheme is being executed by INAE by way of signing an MoU between INAE and AICTE. During the financial year 2007-08, 15 Distinguished Visiting Professors were selected under the scheme. An amount of Rs.20 lakhs was made available to run the scheme during the financial year 2007-08.

The Distinguished Visiting Professor contributes by delivering series of lectures on the state-of the art of the industry, industrial ambience and problems etc. The Distinguished Visiting Professors also deliver 7-8 lectures per semester. A Distinguished Visiting Professors further help in the project work of the students by way identifying, guiding and evaluating the projects. The project guidance done is either at the host institution or at the industry under the supervision of Distinguished Visiting Professors and the local faculty. Further, the Distinguished Visiting Professors are also expected through their interaction with academic staff to act as a catalyst towards an integrated approach and in curriculum development.

6.2 QUALITY IMPROVEMENT PROGRAMME (QIP)

With the objective of upgrading the expertise, qualification and capabilities of the faculty members of degree level technical institutions, the Government of India launched the Quality Improvement Programme (QIP) in 1970, which is now being implemented and monitored by the Council. Since 2001, QIP has also been extended to the teachers of polytechnic institutions approved by AICTE. The major activities under QIP include:

(a) Master's and Doctoral Degree Programmes

Under this scheme, faculty members of AICTE approved institutions are given an opportunity to upgrade their qualifications. Certain selected institutions offer Master's and Doctoral Programmes to faculty members selected under these programmes. Participating faculty members are paid scholarships and contingency grant by the Council. During 2007-2008, under the engineering discipline, 130 faculty members were selected for PG course, and 180 were selected for Ph.D. Course. The list of Institutions operating the Quality Improvement Programme in engineering disciplines is given in **Appendix 6.1**. A similar list for non-engineering disciplines is given in **Appendix 6.2**.

(b) Short Term Programme

In order to upgrade the knowledge and skills of teachers working in different institutions in the country, AICTE provides financial assistance for organizing short-term training programmes (STTP) in emerging areas of Engineering & Technology and other disciplines through ISTE and major QIP centres. During 2007-2008, a total of 149 STTPs were sponsored by AICTE.

(c) Curriculum Development

The major QIP Centres are provided assistance to conduct workshops for curriculum development. This leads to Model Curriculum Development, which are used as base documents by many institutions.

During the year 2007-2008, under QIP- Non Plan, AICTE has sanctioned and released an amount of Rs.12. 43 Crores.

6.2.1 QUALITY IMPROVEMENT PROGRAMME (POLY)

For pursuing M.E./M.Tech programmes in various disciplines, AICTE has extended the QIP Scheme to polytechnic teachers under the scheme, QIP (Poly). The objective of the Scheme is to strengthen the capacity and competence of the faculty of polytechnics. The aim is also to imbibe in them a culture of research and better teaching capabilities. In this scheme only sponsored teachers from AICTE approved polytechnics are eligible for admission to Master's Degree Programme.

Under QIP (Poly) Scheme, AICTE further provides opportunities to polytechnic teachers for Masters and Ph.D. programmes in some selected technical institutions in the country. Accordingly, AICTE selected 63 polytechnic teachers for Ph.D. during the financial year 2007-2008 in the selected premium leading institutions. The list of Quality Improvement Programmes (Poly) is given in **Appendix 6.3**.

6.3 CAREER AWARDS FOR YOUNG TEACHERS

The purpose of the Scheme is to identify young talented teachers who have established competence in their area of specialization and promote their professional growth by enabling them to devote major component of their time in research and study. The award is for a period of three years and this period is to be devoted to work on a specified project with a teaching load of a minimum of six hours and a maximum of ten hours in parent institution.

During the year, 2007-2008, 26 Career Awardees were selected. Institution-wise, region-wise and discipline-wise distribution of these awards are given in the **Tables 6.1 (a to c)** and Rs.119.60 lakh was sanctioned.

The Scheme of Emeritus Fellowship was launched during the year 1994-95. The main objective of the scheme is to utilize the services of meritorious and experienced superannuated professors in technical institutions for institutional development of existing and new emerging institutes, in research and development etc.

During the year 2007-08, 14 Emeritus Fellowships were awarded and an amount of Rs.58.64 Lakhs released towards honorarium and contingency expenses under the Emeritus Fellowship scheme. 6.5 SEMINAR GRANT

The Scheme of Seminar Grant is designed to promote high standards in technical education by extending opportunities to academicians and working professionals by providing a forum for sharing their knowledge, experiences, innovations and inventions. The scheme provides financial assistance to AICTE approved institutions for organizing Symposia / Conferences / Seminars / Workshops at national and international levels in various fields of technical education.

During the year, 323 seminars were offered and supported to different technical institutions in the country. The institution-wise, region-wise and discipline-wise distribution of these are given in **Table 6.3 (a to c)** and **Figures 6.3 (a - c)**. During the year, 2007-2008, an amount of Rs.204.97 lakhs was released to various institutions under the Seminar Grant Scheme.

6.6 TRAVEL GRANT

The Scheme of Travel Grant extends financial assistance to enable teachers from AICTE approved technical institutions for interaction at international level in Conferences / Seminars / Symposia etc. The assistance provided on reimbursement basis, is in the form of a Travel Grant up to a maximum of 50 percent of the total expenses incurred towards airfare, registration fee and per diem allowance. The Council encourages young male teachers below the age of 35 and women teachers below the age of 40 to attend conferences/workshops by reimbursing the total cost towards travel, per-diem allowance and registration expenses.

During the year, 2007-08, 228 faculty members of different Technical Institutions were offered for financial support to attend international workshops / conferences / symposium to the tune of Rs.140.82 Lakhs and an amount of Rs.73.33 Lakhs was released to various grantees under the Travel Grant scheme. 6.7 STAFF DEVELOPMENT PROGRAMME

The Scheme is intended to provide opportunities for young teachers employed in AICTE approved technical education institutions for their induction-training and upgradation of their knowledge and skills towards effective teaching and delivery of knowledge to the students. The programme is proposed to cover areas such as Technology Policy, Industrial Policy, new concepts to keep pace with the changing technology, educational technology and communication skills etc.

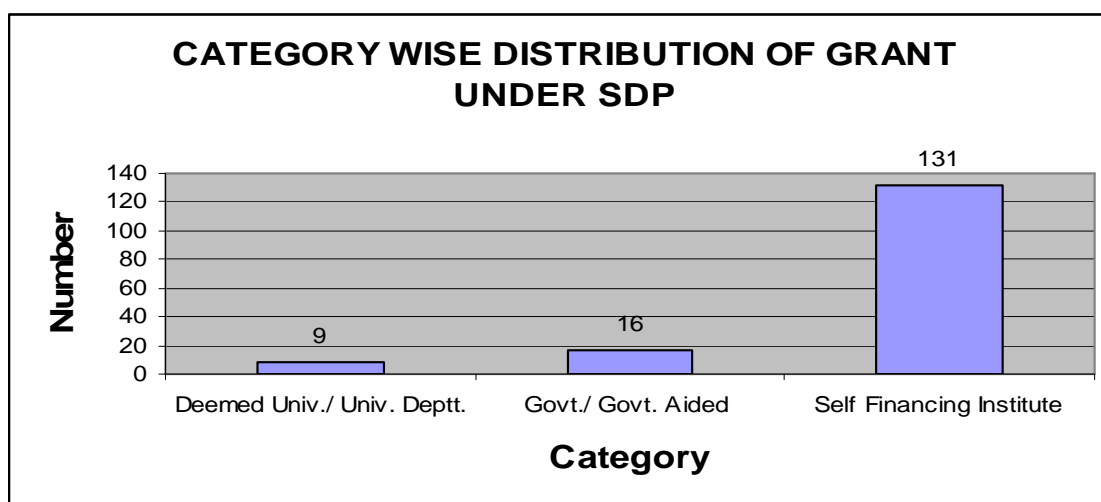

During the year, 2007-2008, 156 proposals for conducting Staff Development Programmes were approved and an amount of Rs.263.83 Lakhs was released under the scheme. The discipline-wise distribution of the Staff Development Programmes is given in **Table 6.5 (a & b) & Figure 6.5 (a & b)**

6.8 NATIONAL DOCTORAL FELLOWSHIP

The scheme of National Doctoral Fellowship was launched during the year 2003-04. The main objective of the scheme is to attract highly qualified and motivated candidates to pursue doctoral degree and offer themselves for teaching positions in technical education system. The scheme also provides research support to bright young candidates for pursuing exciting and innovative research in the field of technical education. Under the National Doctoral Fellowship (NDF) Scheme 50 Doctoral Fellowships are offered every year to selected candidates in emerging areas / discipline of Technical Education by AICTE to pursue Doctoral programme.

The details of financial grants under the scheme are as under:

- Scholarship @ Rs. 12,000/- per month per candidate.
- Contingency grant of Rs. 25,000/- per annum per candidate.
- Overhead charges of Rs. 20,000/- per annum per candidate to the host institution i.e., institution where the candidate is pursuing Ph.D. / Doctoral Programme.

During the year, the Fellowships were offered to 50 selected candidates and Rs.161.49 was released to various institutions under the NDF scheme. The institution-wise and discipline-wise distributions of these are given in **Table 6.6 (a to b)** and **Figures 6.6 (a to b)**. The name of 50 selected candidates, who are selected for NDF for the year 2007-2008 for NDF, is given in **Appendix-6.4**

6.9 VISITING PROFESSORSHIP

The main objective of this scheme is to supplement and provide expertise to teaching and research in those areas in which the host institution does not have expertise. The maximum tenure of a Visiting Professor from within the country is one year, the minimum being less than 3 months. In case of Visiting Professors from outside the country, the duration varies between two weeks to three months. A Visiting Professor from within the country is entitled to a lump sum monthly payment equivalent to 50% of the maximum basic pay of a Professor in AICTE approved pay scales for technical

6.10 FINANCIAL ASSISTANCE TO PROFESSIONAL BODIES / SOCIETIES

The Scheme intends to provide limited non-recurring financial assistance to selected technical professional bodies/societies to enable them to meet expenses towards promotion and development of technical education in their respective professions through various promotional works provided in their by-laws. The scheme aims at encouraging the activities of professional bodies/societies for the benefit of its members and society at large.

Proposals received from professional bodies/societies were placed before an Expert Committee, which recommended a total financial assistance of Rs. 64.00 Lakhs to 16 professional bodies/societies. The list is placed at **APPENDIX 6.5**.

The discipline-wise distribution of the proposals approved during 2007-2008 is given in **Table 6.7. and fig. 6.7** .

INDUSTRY-INSTITUTE INTERACTION

7.1 SCHEME OF INDUSTRY INSTITUTE PARTNERSHIP CELL (IIPC)

The scheme of Industry Institute Partnership Cell (IIPC) is operated by the Council to promote Industry Institute Interaction, that is, between technical institutions and industries. The main objective of this scheme is to establish Institute-Industry Partnership Cells in AICTE approved technical institutes/technical departments of Universities, which will act as liaison centers between industries and various departments of the institutes for mutually beneficial activities. To start with in the first year, the Council provides financial assistance up to a maximum of Rs.5 lakhs as one time non-recurring grant and Rs.5 lakhs as recurring grant to create Industry Institute Partnership Cells in selected technical institutes. It is envisaged that after 3-5 years these Cells will be self-supporting.

The major objectives of IIPC scheme:

- Maintenance, coordination and promotion of consultancy services.
- Establishment of proper links, coordination with departments, agencies and taking necessary action for promotion of consultancy services.
- Encourage internship programme/student's fellowship programmes.
- Organize Industry Study Tour Programmes (ISTP) and liaison with concerned industries /industrialists.
- Signing of MOU on behalf of the Institution.
- Generate funds from industry/other agencies for maintenance and development of the cell.
- Assist Industries in obtaining tax incentives from GOI by supporting R&D programmes in the Institution.
- Maintain and distribute funds obtained from consultancy services, assist weak departments in the institutes/universities from the funds generated through consultancy for strengthening of the University/Institute/Department.
- Invite experts from industry to participate in curriculum development and training from time to time in consultation with the Department/Institute/University.

The Council has setup an advisory board namely Board of Industry Institute Interaction (BOIII) with an objective to support the Council in effective implementation of IIPC scheme. The Board consists of eminent scientists, engineers, technologists, academicians and industrialists.

During the period 2007-08, the Council received 75 proposals under IIPC scheme. These proposals were evaluated as per the approved procedure by expert committee duly constituted by the Council. Based on the recommendations of the expert committee, the Council has provided financial assistance to establish 15 new cells and an amount of Rs.147.83 Lakhs were released under the scheme. The list of the new IIP Cells set up during 2007-2008 under IIPC scheme is placed in **Appendix 7.1**.

7.2 NATIONAL FACILITIES IN ENGINEERING AND TECHNOLOGY WITH INDUSTRIAL COLLABORATION (NAFETIC)

This scheme is aimed at establishment of national facilities in the frontier areas of engineering and technology in collaboration with industry.

The National facilities are expected to provide state-of-the-art experimental and theoretical support to researchers pursuing R&D in the specific area of research. At least 50-60% of the operating time is to be made available to researchers from other Institutions.

Some of the representative activities of the proposed National facility are:

1. To provide sophisticated testing, instrumentation & design facilities to industry in specialized/emerging areas of engineering & technology.
2. To provide necessary expertise & know-how for undertaking R&D projects on a turnkey basis in emerging inter-disciplinary area of relevance to industry.
3. To provide technology incubator facility in the early stages of commercialization of new technologies.

The areas where a national facility is to be set up must be clearly identified by an academic institution/ university in consultation with industry, keeping in mind its

own strength with regard to availability of expert manpower and infrastructural facilities within the institution. The national facility should be planned to run on a corporate basis to be self-supporting from the resources generated from user organization by providing testing, designing, training, fabrication and R&D services.

Academic institutions proposing to set up a National Facility are required to prepare a Detailed Project Report in consultation with the participating/partner industry/industries. AICTE facilitates this activity by sanctioning a one-time seed grant not exceeding Rs.50,000/-.

The application for AICTE seed grant for preparation of DPR must include a brief write-up giving justification for setting up of the National Facility, suitability of the institutions to undertake the work and letters of intent from the partner industry/industries. The financial contribution of partner/participating industry/industries for creating the facility must add up to a minimum of 50% of the estimated total cost (capital & recurring) of NAFETIC. The remaining 50% of the estimated total cost of NAFETIC is provided by AICTE on approval of the proposal. The facility is required to become self-supporting after a five-year transition period.

The participating industry/ industries will be entitled to avail various facilities/services established at NAFETIC on priority and at concessional rates of payment. The rate of payment may be based on a percentage discount on the financial contribution made towards capital cost of the national facility and/ or the profit share earned by NAFETIC at mutually agreed rates indicated in the approved MOU.

The upper limit of funding (from AICTE) through this scheme is Rs. 50 lakhs.

During the period 2007-08, the Council received 15 proposals under NAFETIC scheme. But no selection meeting was held during the year 2007-2008.

7.3 ENTREPRENEURSHIP DEVELOPMENT CELL (EDC)

This Scheme was launched with a view to encourage students in AICTE approved Polytechnics and Degree Technical institutions to consider self-employment as a career option, provide training in entrepreneurship through modular courses and increase the relevance of management particularly in the non-corporate and under-managed sectors.

The objectives of the Scheme are as follows:

1. To create an environment for self-employment and entrepreneurship development through formal and non-formal programmes.
2. To introduce the concept of entrepreneurship in curricula at diploma and degree levels.
3. To develop management personnel at appropriate levels for the non-corporate and un-organized sectors like education, rural development, small-scale industry etc.
4. To utilize the infrastructure facilities and technically trained manpower for development of non-corporate and unorganized sectors.
5. To promote employment opportunities.

With a view to fulfill the above needs, Entrepreneurship Development Cells have been established by AICTE in various institutions and universities. The activities that are visualized at the EDCs include Entrepreneurship Development/Awareness Programmes, Continuing Education, Skill Development Programmes, Quality Assurance, Support Facility for Entrepreneurship as a career option, Curricula Input on establishment of an enterprise & its management, Solutions for small business management & entrepreneurs and training & retraining of entrepreneurs.

During the period 2007-2008, the Council received 90 proposals under EDC scheme. These proposals were evaluated as per the approved procedure by expert committee duly constituted by the Council. Based on the recommendations of the expert committee, 16 new Entrepreneurship Development Cells were set up and an amount of Rs.120.70 lakhs were released under the EDC scheme. The list of new Entrepreneurship Development Cells set up during 2007-08 is placed at **Appendix 7.2.**

CHAPTER 8

ACCREDITATION

8.1 ACCREDITATION OF TECHNICAL EDUCATION PROGRAMMES

The New Education Policy of 1986 had recognized the need for a statutory body at the national level responsible for over seeing the growth and quality of technical education in the country. Accordingly, the All India Council for Technical Education (AICTE) was established by an Act of Parliament in 1987. As a part of its programme and activities, the National Board of Accreditation (NBA) was set up by the AICTE in September 1994, in order to assess the qualitative competence of educational institutions from the Diploma level to the Post-Graduate level in Engineering and Technology, Management including Hotel Management, Pharmacy, Architecture, Town Planning, Applied Arts and Crafts and related disciplines. NBA is also concerned with assessing and assuring the quality of the various constituent elements of these educational institutions, such as academic ambience, infrastructure, financial, physical & human resources, supporting systems like library resources, computational resources, and avenues to mould and develop student's personality and learning characteristics.

Accreditation is a process of quality assurance, whereby a programme in an AICTE approved institution is critically appraised at intervals not exceeding six years to verify that the institution or the programme meets the Norms and Standards prescribed by the NBA from time to time. Accreditation does not seek to replace the system of award of Degrees and Diplomas by the Universities and Boards of Technical Education. But, accreditation provides quality assurance that the academic aims and objectives of the institution are known to be honestly pursued and effectively achieved by the resources currently available, and that the institution has demonstrated capabilities to ensure effectiveness of the educational programme(s), over the validity period of accreditation. The NBA, presently, accredits Post Graduate/Degree/Diploma level programmes offered by an institution rather than

the institution itself. A programme securing a score between 650-750 points on a thousand point scale is accredited for a period of 3 years whilst those achieving a score in excess of 750 are accredited for a period of 5 years. Programmes securing less than 650 points are Not Accredited. This is especially important for promoting a healthy competition for quality achievement among the different Degree/Diploma programmes of the same institution, as well as among similar programmes in different institutions. Thus, in a given institution, some programmes may be accredited for five years, while some other may be accredited for three years and some even denied accreditation. Till date (March 31, 2008), total number of 2649 programmes are accredited from 727 institutions. During 2007-2008 NBA has completed the accreditation process for 608 programmes from 156 institutions in various disciplines. In this scheduled period, the three meetings of National Board of Accreditation were held i.e. 40th NBA Meeting on May 04, 2007, 41st NBA meeting on September 12, 2007 and 42nd NBA Meeting on January 22, 2008.

State-wise list of accredited programmes of technical Institutions during 2007-2008 and the functions of NBA are given in **Appendix 8.1 and 8.2** respectively.
