Major Achievements

Approval Process

The last date for submission of online applications was extended up to April 30, 2022 and again extended up to May 2, 2022 without late fee.

Online training of Experts involved in approval process and demonstration of Evaluation portal to experts.

Training of experts was conducted online on April 22, 2022 in two batches

NBA validity of one accredited course can be used for increase in intake of other non-accredited course. NBA accreditation for a course under the same program is modified/expanded with the provision that NBA accreditation of course can be used for introduction of new course under a different program. The increase in the intake is allowed in conventional/emerging/multidisciplinary area courses.

Like Institute having NBA accreditation in 16 different MCA courses can use such accreditation for increasing the intake in UG courses from the emerging areas.

Similarly, Institute having NBA accreditation in 06 different MBA courses can use such accreditation for increasing the intake in UG courses of engineering and technology.

The council vide a corrigendum in APH 2022-23 has reduced the TER charges for new application by the existing AICTE approved institution (intake upto 1000) from 3.00 Lakhs to 1.00 Lakhs.

Institutional Developmental Activities - AICTE-IDEA Lab

AICTE has decided to establish AICTE-IDEA (Idea Development, Evaluation & Application) Lab in AICTE approved institutions, encouraging students for application of science, technologies, engineering and mathematics (STEM) fundamentals towards enhanced hands-on experience, learning by doing and product visualization.
