

All India Council for Technical Education

Useful Information to AICTE Approved Institutions / Universities having 3D Printing Facilities

All those institutions having 3D printing facilities, the below is a GoogleDoc link to collect data to send the open source 3DP code to crowdsource the 3DP splits for ventilators and other devices that SASTRA is developing. Request you to fill and coordinate with local hospitals & competent authorities to use them. Kindly share this to as many people as you can during this time of crisis.
