Dear Sir/Madam,

We would like to inform you that "Indian Capstone Project" is powered by M/s Equity Levers World Private Limited, Mumbai for business and finance sectors and has been launched to enable students to work on hands on projects that let them apply and practice with live problems. These projects use excel, develop excel skills, live data and recent corporate situation, to give a feel for live holistic analysis, almost like corporate work.

The section one of Indian Capstone Project is free to use and will enable faculty to assign numerous workouts across all subjects to their students. All colleges just need to register with Equity Levers at <http://www.equitylevers.com/capstoneLearn>.

You are requested to disseminate this information about the above online platform among your faculty members and suggest them to use the Indian Capstone Project platform for finance and business learning.

Regards,

(Dr. Neeraj Saxena)
