Sub: Suggestions for AICTE Approval Process 2022-23 from the Stakeholders.

Dear Sir / Madam,

Greetings from All India Council for Technical Education...!

It is with great pride and gratitude, the council acknowledges all the stakeholders for their unflinching commitment and support rendered in all the initiatives of AICTE particularly in the Approval Process 2021-22. It is worth highlighting that the council is working meticulously on various measures for the quality improvement of Higher Educational Institutes, notably in Technical Education. It is also worthy to record that the Approval Process of 2021-22 had some major and effective changes as advocated in the National Education Policy (NEP) 2020.

The council believes that it is the appropriate time to proceed further in the directions as envisaged in NEP 2020 to bring out Sustainable Development and aims to transform India into a vibrant knowledge society and global knowledge superpower by making higher education more holistic, flexible and multidisciplinary. Given that the primary focus is set for bringing in more equity, quality, affordability and accountability in HEIs, and to bring out a transparent, effective and more efficient system of granting approvals. Accordingly, Council is planned for bringing out few more changes in the Approval Process Handbook 2022-23 inline with NEP 2020.

In this regard, AICTE invites suggestions and valuable measures for improving the overall quality and efficiency of the Approval process from its stakeholders (including State Govt. Authorities & Affiliating Bodies) for bringing out a comprehensive Transparent & Accountable Online Approval Process Policy for the Academic year 2022-23. Accordingly, interested stakeholders are hereby requested to share their valuable suggestions / area of improvement with respect to Approval Process Policy of 2022-23 ONLY through **online google form available @ <https://forms.gle/VRrFvbZTemQchX336>** on or before **15-10-2021**. AICTE is always committed to facilitate the stakeholders through a consultative and participative process to bring quality in technical education system of the country.

Regards,
